WAINWRIGHT, ALBERTA, WEDNESDAY, JULY 5, 1911

NUMBER 42

AGITATION FOR BETTER ROADS

Frank Rack States that Many Roads Are in a Very Bad State and in One Case Because Council Refuses to Act. SUGGESTIONS

Wainwright, July 3rd. Editor Star.—Heretofore, I have done my criticizing on road matters, after the money was spent, or when it was too late to then do anything on the roads, but this time, urged by many farmers of this vicinity and especially in L. I. D. 24-C-1, I am requested to make similar comments this year as the situation is worse than ever before.

In the April meeting of the local branch of the U. F. A., a resolution was almost unanimously passed by fifty or more farmers that certain roads, leading into Wainwright, should be made passable as far as the road funds would permit, one leading north to Vermilion with branches leading off to the new bridges over the Battle River. Another, it was decided, should start at the S. E. corner of section 6-45-6, running east along the township line to section 1-45-6. From all appearances, it would seem that this resolution and request of the farmers was thrown into the waste basket, without much consideration. I might also state that in this connection, the councillors make a point, in the work they are doing, to show their utmost contempt for the United Farmers and the ratepayers in general. I am informed by a reliable farmer of Division No. 1 of District 24-C-1 that the councillor of this division fritters away the road money on roads which do no one any good. And places, which need repairing badly, he purposely leaves impassable. These roads, the farmer states, lead into town. My friend, the farmer of Division No. 1, wants to know what can be done and how it will be possible to procure good roads.

In Division No. 2, conditions are still worse, where this councillor not only makes it a point to disregard the requests of the ratepayers but also displays a personal spite against the residents for their good sense in voting against him in Division No. 2, Tp. 43-6.

There are at the present time in Tp. 45-6 about one hundred farmers, locked out from coming to Wainwright, on account of a deep slough in the road allowance, which could be filled in and made passable for about \$250. This slough is on the township line, where the United Farmers requested that a road be built but I am informed that he says he will not spend a cent. The farmers, who suffer, anxiously ask what can be done so that we can bring our produce to market and get supplies.

There is but one thing the farmers can do and that is to get up a petition to the Minister of Public Works to have those two incompetent councillors removed from office and to recommend that the councillors in Divisions No. 3 and No. 4 of I. D. 24-C-4 be appointed to manage the affairs of Div. 1 and 2 until the end of 1911.

These two men, I can heartily recommend as competent for road work and willing at all times to do the best they can. I would also call the attention of the Public to a very dangerous place along sections 9 and 10 in Div. 3, where some road work has recently been done. This place is in a deep hollow on the north half of those sections, where a so called grade has been built after another rain, similar to what we have experienced, the holes would be wide enough for a coyote and the work has already cost \$250. I would request the councillors of 24-C-1 to inspect this place immediately and, as this road is not

Disappointing Weather Made Bad Day July 1

Visitors and citizens were not entirely disappointed on Dominion Day and were more satisfied than they otherwise would have been, had no excitement taken place to break the monotony of the weather. During the afternoon, a bucking contest took place, near the barns of Cattley & Gregson and although the exhibition was more or less of a farce, it was enjoyed by the spectators. A performance of the same kind took place in the evening, which proved better than that during the afternoon. After the contest, a special shoot was held at the traps and, by those taking part, was pronounced the best of the season. In the evening, an informal dance was held in the Auditorium and enjoyed by a few of the staid-born ones, who did not wish to see the day pass, without some recognition of such. On the whole, the day was more eventful than was anticipated in the morning.

TEAM BECAME MIRED IN MUD

Main Street presented a sickly sight last week as the excavation for the Merchants Bank was in progress. The dirt from the cellar was hauled to the low places, beyond the store of the G. H. Beaudry Co. and at times during the incessant wet weather, the street was practically impassable. A team, belonging to a farmer, became mired in the mud and was pulled out with some difficulty.

Few Changes in Assessment

At the Court of Revision, held in the Council Chamber this morning several appeals were heard from the ratepayers, relative to their assessment. The main reason for complaint lies in the fact that many do not realize that in their assessment, they are receiving a low rate of taxation, in comparison to other towns. It is not probable that many changes will be made.

needed at present, to have a good fence constructed across the grade, so that people will not break their necks on a dark night. In case of damage to property or injury to life, the council will be held responsible, for allowing such work.

I would also like to see the Board of Trade of Wainwright wake up from its "Rip Van Winkle Sleep" and appoint an energetic road committee, that would attend the council meeting and make suggestions for new roads into new settlements. I consider that the Board of Trade has just as good a right to have a say in road matters as the W. U. F. as, over one half of the road money is collected from nonresident land owners and I am sure that they would all like to see their road taxes judiciously expended. I am informed by farmers of the south east county in L. I. D. 23-C-4 that there is a large new settlement, southeast of Ribstone Creek, and that they are desirous of trading in Wainwright but as yet have no road on which to travel. They also say that conditions in this district are as bad as, in our own district of 24-C-4. In that case, there is plenty of work for some of our energetic men of this town.

Hope that you may find space for this letter, I am, Yours truly, Frank Rack, President U. F. A.

BRICK ARE SUPERIOR

Wainwright has another asset and one, which from all present appearances, will be one of the most valuable of any in the town. The brick-yard, west of town is now turning out the best of brick and of such a quality, that they are pronounced by many to be as good as any in the province. Architect E. D. Stimpson, whose opinion on brick should be an authoritative one, states that the brick now being manufactured by Mr. Taylor are the best he has ever seen. A sample kiln was burned last week and the manufacturer is quite satisfied that he has a good proposition and one which will come up to his highest expectations.

The recent rain did a considerable amount of damage to his dry shed and injured several thousands of brick, which were awaiting the kiln. In the shed at the present time, there are upwards of seventy thousand all of which are of a superior quality. The plant, nearly all of which has been installed this spring, is as yet exposed to the weather and it is Mr. Taylor's intention during the immediate future to add another engine and purchase the machinery, necessary for the manufacture of brick on an extensive scale.

Since the plant was established, upwards of \$5,000 has been spent and it is to be hoped that the venture may prove a profitable and successful one. Mr. Taylor has been interested in brick yards all his life and understands his business from the ground floor up. He is very optimistic, regarding his outlook and feels that, before the summer has passed, he will be able to compete with the largest of Alberta markets.

Every Cloud Has a Silver Lining

The wet weather continued and although it marred the annual celebration here, and resulted in the streets of the town being placed in a sickly condition, it brought the desired result to the farmers. It is a pleasure at anytime to see the farmers of the country satisfied. What was lacking before the beginning of June rains has been made up by a thousand fold already. No one could expect better results than have matured.

Before returning home they will visit friends in Ottawa, Montreal and Toronto, returning by the way of the Great Lakes. They will return in the course of a month.

Will be Present at Golden Wedding

Mr. and Mrs. J. H. Dawson left on Saturday last for the former home of Mr. Dawson, at Lucknow, Bruce Co. Ontario. While absent, they will be present at the golden wedding celebration of Mr. Dawson's aged parents on July 14th. Although they are celebrating their golden wedding, both are hale and hearty, the elder Mr. Dawson having passed his eighty third birthday.

Miss Marsh, who has been visiting her sister, Mrs. Fred Aykroyd, for the past month, has recently purchased the S. E. 1/4 of 16-45-6 from Lou McLellan.

H. Bogart, of Laidlaw, Sask., is visiting his brother-in-law, Fred Moffat, Queen St.

SPORTS DAY HAS BEEN POSTPONED

Bad Weather Responsible for Such a Decision Being Made—28th of July will See Greater Day than Planned. EXCURSIONS

As a rule, it is found that when elaborate and unusual preparations have been made for a special event, some instrument or result of an instrument exerts its power, towards the marrying of that particular degree. Such was the case on Friday morning last, when the executive committee for July 1st, found it necessary and expedient to postpone the celebration, planned for Dominion Day. And was it not a wise move? From the appearance of the weather the next day and the imagination of such a celebration as proposed being carried out, it was evident that the only wise and proper course was taken.

The date of postponement is July 28th. On that day, the schedule of sports, planned for July 1st, will be carried out, with several additional attractions. An excursion train is now being arranged for from the Provincial Capital for that date. It is expected that a large number of excursionists will avail themselves of the opportunity of visiting the Buffalo Town and seeing for the first time or once again the largest herd of buffalo in the world.

It was, however, to be regretted that it was necessary to postpone such an event. It is an understood fact that postponed affairs are never as successful as they would have been otherwise. Those in charge of the celebration will endeavor to buck this almost axiomatic statement and take steps towards making a more successful day than would have been celebrated on July 1st.

Farmers in the district were looking to Dominion Day and were planning on coming to Wainwright. They, however, in view of the postponement can look forward to a successful day, if not more so, on July 28th.

It is not at all improbable that excursion trains will be run from Edmonton and other points. Arrangements are now being made by the committee.

Farmers of West will Now Expect Results

At almost every point visited by Mr. Borden on his western tour, he is receiving letters and communications from the farmers, relative to public questions. The same thing was done while Sir Wilfred was in the West. Views on the same questions have now been laid before both leaders and the West have expressed their desires. The western people can now judge for themselves the results that follow.

GIRLS WANTED AT ONCE

One or two girls wanted at once. Apply, The Wainwright Cafe.

FOR SALE—Three work oxen and one mule cow. \$225 for the oxen with harness and \$45 for cow. Apply, R. Blevins, Town. 5 in.

TO RENT—Furnished room to rent. Apply Mrs. E. Garbert 3rd Avenue adjoining English Church.

WAS WELL RECEIVED

Since the representative members of the Conservative party have entered the West upon their tour, at every meeting, they have met with greater success than was anticipated. The opening meeting at Winnipeg was considered a grand opening of a campaign, that would eventually prove to the best interests of the country. Along the line of the C. P. R., the welcome, accorded Borden and his followers must have been most gratifying to Conservatives universally. At Edmonton, the prediction of even the most optimistic was fulfilled. The test on an issue, which must decide the future of Canada for several years to come, was considered in sympathy and acceptable to Borden. On the other hand and from a Liberal point of view, it was otherwise.

IMPROVEMENTS SADLY NEEDED

Last week as the rains were descending in torrents, the citizens realized from the condition of the streets and thoroughfares that the Town Council has decided a necessary improvement, in their proposed street gradings and drainage. Second Avenue presented a sight that was nothing short of disgraceful. Mud and muck was inches deep everywhere and in many places on Second Avenue was a foot in depth.

WAS OFFERED \$40,000 FOR HIS PATENT RIGHT

While conversing with Jacob Gishring, the local inventor of several devices for travelling wheeled conveyances over soft ground, the Star was informed by him that for his recent invention he has received an offer of \$40,000, one half of which would be payable in cash and the balance in stock of the company. This was the value quoted him from American concerns and it is understood that for his patent in Canada he has a standing offer of \$17,000.

WONDER WHY?

Edmonton had been visited by the leader of the opposition in the Dominion House, R. L. Borden. His meeting was a successful one. He received a welcome that the Conservatives might well be proud of but even in the face of his many successful hearings at the several points, he has visited in the West, it is strange that he has not booked meetings at any of the towns between the Capital and Saskatchewan.

TAG DAY WAS HUGE SUCCESS

Yesterday was tag day. The Ladies of the Presbyterian Church were busy from morning till night, tagging here and tagging there, those who were not buttonholed or could show cause. Even the circus men were nailed, in addition to the citizens and they responded alike. The sum realized is thought to be in the vicinity of \$50, which will be devoted to the purchase of an organ for the church.

MARRIED—At the Presbyterian Manse yesterday—Thomas John Elliott and Marion Maud Knott both of Edmonton. They left on the afternoon express for Edmonton.

Mails East and West Delayed Several Hours

With the change in the time table on the G. T. P. there also comes a change in the service heretofore existing in the mail end of the system. The change has already been complained of and there is little doubt but that these complaints will grow to such an extent that the government will demand a different system.

No. 2 goes east, carrying the mail as far as Watrous. There, the mail car is switched to the siding, until the east-bound local starts out the next morning at 6:40. To this train, the mail car is attached. The delay in the mails going east are thus eight hours or approximately twelve hours, when the connection is missed. And the same thing happens on the west bound express, mails are likewise delayed twelve hours and the West receives mail a day later than formerly. It is only a matter of a short time before the matter will be taken up by the different towns and Boards of Trade.

Alberta's Crops Eclipse Any on the Continent

Visitors in town are of one opinion, regarding the crops of the various districts throughout Alberta. Those, who have travelled over the American West and have come to Albertan points, via the Grand Trunk Pacific, pronounce that in no state or province, through which they have passed, have they found the crops so far advanced as in Alberta and western Saskatchewan. In many portions of the province wheat is now forty inches in height and looks sturdy and well able to stand a possible drought.

Prince of Wales to Visit Canada Soon

Two important announcements were made in London at the Dominion Day dinner on July 1st. The first, was by the Duke of Connaught, Canada's next governor general, who said that Prince of Wales would soon visit Canada. The other statement was made by Sir Wilfred Laurier, making the announcement that Lord Strathcona and Mount Royal, high commissioner for Canada, was about to resign his high office.

Always an Omen for Increased Wealth

We have followed the old adage, in vogue for generations past and, during the past week, have said in one accord, "We are compelled to say as they do in Spain, let it rain!" To many it was a pleasure to see it continue, to others it was pain. In the last instance, those, who reckoned on a fine day for July 1st, were the chief ones to be disappointed. This fact, however, must be considered, "every drop of rain means a better outlook for the future and an omen for increased wealth in the district."

TENDERS

SEALED SEPARATE AND BULK TENDERS will be received by the undersigned until Friday, July 14th, for the erection of a dwelling for T. L. Wells. Plans and specifications may be seen at the office of E. D. Stimpson Wainwright, Alta. E. D. Stimpson.

CONTRADICTION MADE ON SIGHT

Circus Presented Here Yesterday by A. G. Barnes Disapproved the Statements of Edmonton Publications Strongly A GOOD SHOW

"It was a good show." Such was the exclamation of all last night, after they had witnessed, A. G. Barnes, Big 3 Ring Wild Animal Circus. Such a statement utterly disproved those, made the previous day by the Edmonton papers. The city papers stated that the show was no good, that the performances were uninteresting and that the whole show was "punk." They further made the assertion that one of the "razor backs" was seen carrying Caesar Wallace the infamous lion. To this Barnes replied as follows: "This statement is absolutely false from beginning to end. There is not a single man but Kelly, who will go in the cage. He takes his life in his hands every time he enters the steel cage. Wild animals and especially a lion of Caesar Wallace's nature are dangerous. In regard to the clown band, we have never had one for some time past and how did they know we ever had one? I'll tell you how. The articles were probably supplied by a representative of the Sells, Floto Circus, who are following us and who take every opportunity of knocking us." To see the performance was worth the remarkable courage of the different tapers in the steel cage was beyond a doubt, marvelous. The antics of the dogs and horses were evident of the fact that Mr. Barnes has spared no expense in making the show an excellent one in every respect. Perhaps the best performance of the day was that given by the trained seals, displaying ability that would seem exaggerating to relate.

Although the clowns were on the state side, the show, inclusive of the side shows, was not only the best that has ever visited here but far better than those generally witnessed in the large cities. A circus that has received column after column of favourable comment from the San Francisco papers, is worthy of the same from those in cities of small dimensions.

WAS HERE WHEN BUFFALO ROAMED OVER THE PRAIRIE

After spending a year in Wainwright, Mr. and Mrs. E. J. Hastings left for Yorkton, Sask., on Saturday last, where Mr. Hastings will take over the yard foremanship, in which capacity he has acted here for the past year. Mrs. Hastings, who is a competent operator and telegrapher, will assume the position of operator in the station there.

Mrs. Hastings was a pioneer on the C. P. R. and was the first lady operator west of Winnipeg. After leaving this road, she was engaged by the Southern Pacific of California and on resigning was given many recommendations and excellent relative to her ability.

In the west and following railroad work for more than thirty-two years, Mr. Hastings has seen many changes in the country. During the rebellion, in which Louis Riel was leader in the year 1885, he figured in the capture of the notorious outlaw and witnessed the hanging at Regina. At the time of the rebellion, Mr. Hastings, together with the other women then in the country, was sent to Winnipeg to await the close of the uprising. "I have seen the buffalo and antelope roaming over the plains in thousands," said Mr. Hastings, "and have been here as they gradually were killed off by the Indians. Now there is a park here to preserve them. Times have certainly changed since I landed in the west in 1879."

The Story of the SUMMER HAT

Enter Napoleon.

A New Turn of the Brim.

The Serviceable Black Chip.

A Geranium Chapter.

A Study in Violets.

Plumes Are Still Uncurled.

All Crown.

IT IS ONE of the most interesting themes to women. You see, it doesn't require so much time and money to doff a hat and don a new one, and the change makes us feel as if we were in new regalia. So glance over a few of the most important chapters in the story of the hat.

The rolling brim is a new turn of affairs. This is possible if the shape be of supple straw and the brim be extremely wide at one side. Generally the untrimmed hat is blocked in this form; but you can roll up the brim and tack it on the crown after massing a bunch of flowers and foliage at one side. Outline the crown with velvet ribbon and run this through slots on the upturned brim.

In this season of scarlet and cerise it is to be expected that geraniums will be popular. On a green chip with a slight roll at one side of the wide brim masses of the scarlet and cerise flowers are placed. A flat bow of green velvet ribbon is used at one side. The method of trimming is quite simple and easily followed out at home.

Where is the brim in the next model? There isn't any to speak of, for the crown has decided to play the principal part. It

is of black chip, with a bunch of royal blue plumes at the back. A band of blue satin ribbon is tied around the lower part and ends in a soft bow at the front. This is reminiscent of the "cloche" of the winter.

A study in violets is shown in a delightful admixture of purples and lavenders. A crown of the lovely velvet flowers is the trimming. There is a flat bow of heliotrope velvet at the back, and a velvet facing is shown on the under surface of the purple straw. This idea in any color, carried out in two or three shades, will do for those who do not care for the purple variations.

Serviceability is the main point in the black chip with the upturned brim. A facing of satin is used on the edge, and a pointed tab outlined with satin-covered buttons trims one side of the brim. There is no other trimming on the shape. That means that you can insist upon a fine straw and revel in it.

Enter Napoleon! The military hint is given in the upturned brim and the two-cornered effect. A binding is used on the edge, and a full willow plume is placed so that a high effect is attained. It droops toward the front over the brim.

Ostrich feathers are still uncurled. The "made" plume of salmon pink and buff is shown in its straight glory on black. It points toward the back. The chip hat is faced with black velvet, and a necktie bow of velvet is the rest of the story.

Big hats, little hats, round hats, pointed hats, straight hats, rolling hats, and every kind of gorgeous trimming to grace the shapes, are the messages that come from the milliners. Truly, the story of the hat has varied and pleasing chapters.

OVERLOADED

Not with Cash. It's BUTTER this time. As long as it lasts, will sell choice Butter, 20c lb. 2 lbs. for 35c. Choice cooking butter 15c per lb. Now is the time to buy. Price will be up again early in August.

Frost & Wood Frost & Wood
No. 3 Binder No. 8 Mower
does Better Work

Because of the Biocentric Sprocket Wheel the No. 3 Binder makes a neater, more tightly compressed bundle and saves considerable time. Discharges the bundle faster, too, than the ordinary binder. Remember, no other binder has the Biocentric Sprocket Wheel. Neither is any other binder so light in draft. At all points where there is a possibility of friction occurring the makers of No. 3 Binder have provided Large Roller Bearings. That's why the Frost & Wood No. 3 runs so smoothly and easily—the reason why it gives so many more years of service. Another reason for its great durability is the strong, powerful construction of its back bones, which we would like to explain to you fully. Drop in at your earliest convenience and talk things over with us. We are confident that the Frost & Wood No. 3 is the binder for you. Give us a chance to prove it.

TIGER RAKE

Use the Tiger Rake for raking your hay. The teeth are curved exactly right to pick up everything the mower cuts. You can dump it by foot or hand. Tiger is durable as well as sure working, being all steel except tooth rail and shafts. Be sure and see these Frost & Wood Haying machines. Call on us right away.

SAMUEL LEWTHWAITE
LOCAL AGENT FOR WAINWRIGHT

DISTRESSING HEADACHES

Headaches are largely the result of disordered kidneys. Mrs. Hall, 84 Flora Street, St. Thomas, Ont., says, "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and would last for days at a time. These were suddenly accompanied by spells of dizziness that would leave me unable to attend to any house duties. My back was weak and caused me much suffering through the night. I had doctored for years, but all in vain. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Post-paid from the R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by THE WAINWRIGHT PHARMACY CO.

Your Clothes

Proclaim You

If the man who wears an ill-fitting, rumpled coat and baggy trousers—and usually they go with soiled linen—feels that his apparel proclaims him for what he is and what he would like to be, he has the distinction of being honest, but not practically intelligent. If he is a literary or artistic soul, it may not matter so much; but the clothes revolution has become so general that even these hallowed beings have yielded to it. He may wear a flowing tie and long hair, if he be very brave or very young; but the clothes that go with them must be good; else he has a far harder time to get on. Even the artistic temperament has to recognise the business idea.

We ask you to look over our range before going elsewhere.

BISSON & SON

The Town of Wainwright.

By-Law No. 17

AN ACT TO AUTHORIZE THE TOWN OF WAINWRIGHT TO ISSUE DEBENTURES FOR THE PURPOSE OF BUILDING SIDEWALKS, GRADING STREETS, PUTTING IN CULVERTS AND PURCHASING SCRAPERS AND PLOUGHS.

WHEREAS it is desirable that the sum of \$14,500 should be expended by the TOWN OF WAINWRIGHT as follows:

(a) \$6,000 in GRADING THE FOLLOWING STREETS.

- 1.—Main St. from 1st ave. to 6th ave.
- 2.—Queen St. from 1st ave. to 4th ave.
- 3.—King St. from 1st ave. to 4th ave.
- 4.—1st ave. from Queen St. to Dominion St.
- 5.—2nd ave. from King St. to Queen St.
- 6.—3rd ave. from Alberta St. to Dominion St.
- 7.—4th ave. from Queen St. to Dominion St.

(b) \$7950 in constructing the following SIDEWALKS.

- 1.—An 8 foot cement sidewalk on the east side of Main St. from the end of the present sidewalk north to connect with the Board Walk at 6th ave.
- 2.—An 8 foot cement sidewalk on the west side of Main St. from the end of the present sidewalk north to 3rd ave.
- 3.—An 8 foot cement sidewalk on the south side of 3rd ave. between Main and Queen Sts.
- 4.—A 4 foot cement sidewalk on the west side of Main St. between 1st and 2nd avenues.
- 5.—A 4 foot plank sidewalk on the west side of Queen St. from 4th to 9th ave.
- 6.—A 4 foot plank sidewalk on the south side of 1st ave. from Main St. to Dominion St.
- 7.—A 4 foot plank sidewalk on the east side of King St. from 2nd ave. to 4th ave.
- 8.—A 4 foot plank sidewalk on the north side of 4th ave. from Main St. to Dominion St.
- 9.—A 4 foot plank sidewalk on the north side of 3rd ave. from King St. to Dominion St.
- 10.—A 4 foot plank sidewalk on the south side of 2nd ave. from the end of the present sidewalk to Dominion St.
- 11.—A 4 foot plank sidewalk on the north side of 6th ave. from Main St. to Queen St.

C.—\$250 for Galvanized Culverts to be placed through the streets when grading where necessary for proper drainage.

D.—\$300 for the purchase of two wheel scrapers, six drag scrapers and a plough.

AND WHEREAS IN ORDER THEREOF IT WILL BE NECESSARY TO ISSUE DEBENTURES OF THE TOWN OF WAINWRIGHT for the sum of \$14,500 (which is the amount of the debt intended to be created by this By-Law) the proceeds of the said Debenture to be applied to the said purpose AND TO NO OTHER.

AND WHEREAS the amount of the whole rateable property of the Town of Wainwright according to the LAST REVISED ASSESSMENT ROLL thereof is \$600,761.

AND WHEREAS the total amount of the existing debt of the Town of Wainwright outside the debt due for the current expenses of the year 1911 is \$3758.01.

THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE TOWN OF WAINWRIGHT ENACTS AS FOLLOWS:

1.—The sum of \$6,000 shall be expended by the TOWN OF WAINWRIGHT in street grading as above specified, the sum of \$7,950 in building sidewalks

BY-LAW No. 17.—continued.

as above specified, the sum of \$300 in purchasing scrapers and ploughs, and for the purpose of raising the said sum DEBENTURES of the said TOWN OF WAINWRIGHT to the said amount of \$14,500 in the whole shall be issued in sums of not less than \$1,000 each as follows: \$11,500 on the first day of SEPTEMBER, A.D. 1911; each of which DEBENTURES shall be dated on the day of its issue and shall be made payable within twenty years from said date at the MERCHANTS BANK OF CANADA in the said TOWN OF WAINWRIGHT.

2.—Each of the said DEBENTURES shall be signed by the MAYOR of the said TOWN OF WAINWRIGHT or by some other person authorized by By-Law to sign the same and shall be countersigned by the TREASURER thereof, and the CLERK of the said TOWN OF WAINWRIGHT shall attach thereto the CORPORATE SEAL of the said TOWN OF WAINWRIGHT.

3.—The said DEBENTURES shall bear interest at the rate of 5 1/2 per centum payable at the said Bank on the first day of September in each and every year during the currency thereof and shall have attached to them coupons for payment of the said interest which coupons shall be signed by the Mayor and TREASURER of the said TOWN OF WAINWRIGHT.

4.—This BY-LAW shall take effect on the first day of September, A.D. 1911.

5.—The votes of the electors of the said Town of Wainwright shall be taken on this BY-LAW on Thursday the 27th day of July next commencing at the hour of ten o'clock in the forenoon and continuing till five o'clock in the afternoon of the same day by the following RETURNING OFFICER at the COUNCIL CHAMBER in the TOWN OF WAINWRIGHT.

Mr. H. V. Fieldhouse, Mayor.

RETURNING OFFICER.

6.—THE RETURNING OFFICER SHALL attend at the COUNCIL CHAMBER in the TOWN OF WAINWRIGHT at ten o'clock in the forenoon of the 28th day of July, A.D. 1911 to sum up the number of votes for and against this BY-LAW. DATED at the COUNCIL CHAMBER in the TOWN OF WAINWRIGHT this 5th day of July, A.D. 1911.

(Sgd) H. V. Fieldhouse, Mayor.

(Sgd) H. V. Fieldhouse, Clerk.

TAKE NOTICE that the above is a TRUE COPY of a proposed By-Law which will be taken into consideration by the COUNCIL of the TOWN OF WAINWRIGHT, after being voted upon by the electors, after three weeks from the first publication in THE WAINWRIGHT STAR, the date of which first publication was Wednesday the FIFTH day of JULY, A.D. 1911 and the day, hour and place fixed for taking the votes of the ELECTORS of the said Town of Wainwright thereon in as follows:

Thursday the 27th day of July, A.D. 1911, from 10 a.m. to 5 p.m. at the Council Chamber in the said Town of Wainwright.

(Sgd) H. V. Fieldhouse, Sec.-Treas.

Rooms to Rent

Good, clean comfortable rooms by the month or week.

ALBERTA Boarding House

THE TOWN NEEDS IT

Now that the necessity of a beautiful crop in the district is apparent, some steps should be taken by the Town Council and Board of Trade towards the establishing of a flouring mill at this point. In this connection there should be no difficulty in locating such an enterprise here, if the proper steps were taken and sufficient inducement offered the promoter towards this end.

Trade at the present time is being drawn away from the town because of deficiency in certain respects. It is also a matter of great regret to note that farmers are hauling their grain to Vermilion and other points in order to take advantage of the mills there, while this grain could be ground and made into flour here as well as elsewhere if a mill were established.

Other towns have extended a bonus of some kind to flouring mills to locate, Vermilion even going so far as to make a loan of \$10,000, on which the interest and \$1,000 of the principal was payable each year. Such a course could very well be taken by our council, at the present time, a mill established before promoters locate at neighboring towns and finally succeed in drawing more trade and more customers from Wainwright.

BETTER ROADS

Elsewhere in this issue, a letter appears from one of the well known residents of 24-C-4, in which many comments are made on the existing condition of the roads in various parts of the district. The letter throughout is not one of earping criticism, rather it is one, wherein the desires of a representative body of farmers are stated clearly and definitely.

The road improvement situation, in and around Wainwright, has been a prominent one for the past two years and many references have been made in previous issues to the same state of affairs and on almost every occasion by the same man. It seems that the writer of this letter, referred to, is the spokesman for a large number of ratepayers in that particular district and from the general opinion of the farmers, he speaks wisely and well.

Wainwright needs all the improvements in roads that can possibly be secured. Numerous complaints have been heard from the farmers of almost every portion of the different districts and if the roads need repairing, and from the voice of the farmers such is the case, it is high time that some action was taken by the councillors, representing those, by whom they were elected.

Box 217 EDMONTON

Binds More Sheaves with Less Twine

Plymouth Binder Twine is made right. It works smoothly, does no injury, and the last of the ball feeds as freely as the first. No knots or breaks. Fifty per cent stronger than the strain of any machine actually requires.

PLYMOUTH Binder Twine

Is used more than any other twine because it is known to be the best. Made by the oldest cordage establishment in the United States, where quality and honesty are spun into every ball of twine. Farmers who insist on seeing the wheat-thresh tag on every ball of twine save money and avoid harvest delays.

News Items Extending Over a Week

Frank Laird, who has been located at Dutton, N. D., for the past three years, arrived in town on Friday. He is staying with his father, P. D. Laird, and will shortly practice his trade in the barber shop of H. T. French.

Dr. William Aykroyd of Kingston, Ont., who was here visiting his cousin, Fred Aykroyd, a short time ago, purchased the south half of section 5-45-6 from the Wainwright Realty before leaving for the east.

Mrs. R. W. Delgatty and little girl of Gilbert Plains, Manitoba is visiting her mother, Mrs. E. Garbert, Third Avenue. She will probably remain for a month or more.

M. Meeklenburg, the celebrated eye specialist, will be in Wainwright on Saturday next, remaining until the following Monday. He will pay you to consult him professionally, regarding your eyesight. During his stay in Wainwright, he will be at King's Jewellery store. Remember the date, Saturday July 8th, until July 10th.

Alderman Charles Theobald and wife of Doncaster, England are visiting their daughter, Mrs. F. E. Boothroyd, who has been in failing health for some time past, but now on the highway to recovery.

MOTHERS!

Preserve Your Children's Hair

Every mother should see that her children's hair is dressed with Parisian Sage, the wonderful hair restorer and germicide. A little neglect on your part now, may mean much loss of beauty when your girl grows up.

Prevention Better than Cure

Parisian Sage is a rigidly guaranteed hair restorer and cures all scalp diseases, prevents hair from falling out and creates a rich luxuriant growth of hair, a glory to woman and the pride of man.

A pleasant hair dressing—ladies like it, and your druggist guarantees every bottle that he sells at 50c. and stands ready to refund your money if it fails to do its work. By mail postpaid from Giroux Manufacturing Co., Fort Erie, Ont. See that the Girl with the Auburn Hair is on each package. Sold and guaranteed by

THE WAINWRIGHT PHARMACY CO.

PILFERAGE IN TRANSIT

Over six dozen "Shield Brand" pipes stolen from a shipment from Toronto to the Red Cross Pharmacy of Wainwright. They still have left twenty dozen of the finest Aetna pipes, sold in Canada. Twenty different styles to choose from. adv.

NOTICE OF DISSOLUTION

The business heretofore carried on at Edmonton under the name of Burns & Dillard has been dissolved by mutual consent and will in future be operated under the name of L. F. Byrnes. All outstanding accounts are payable to L. F. Byrnes.

A sample of wheat, brought in from the district last week, was measured by H. C. King and found to beat out the length of the yard stick. Wheat and different grains are beginning to head out and take on the appearance of advancement in the growing stage, preparatory to ripening.

George Hudson went to Edmonton last Wednesday afternoon to attend the meeting, held there by R. L. Borden. On his return home, he was high in praise of the leader and the party, he represents.

J. D. Elliott, the popular hardware merchant of Irtina, was a visitor in town last week on business.

C. D. Sutherland of the firm of Gerow & Sutherland, who is now located at Lussland, Sask., was in town on Saturday last. This was Mr. Sutherland's first visit here since he left last fall, on the arrival of Mr. Gerow. While here, he enjoyed many old acquaintances.

Mrs. Frank Everett and son, who have been in Montreal for the past eight months, returned on Sunday last and will spend the summer here. Mr. Everett runs the east bound passenger engine between here and Biggar.

Miss Ethel Brock, who has already entered the Business College at Edmonton for a course in Shorthand and Stenography, was a visitor in town this week.

The Red Cross Pharmacy enjoy the distinction of having for service in a private parlor, a thoroughly equipped soda fountain, pure ice cream and a large stock of Lowmyer's, Gagnon's and Lloyd's chocolates and confectionery. adv.

Bumour has it that a popular bookman, running out of here, will soon east in his lot and be one of the principals in a happy event in the near future with a former waitress at the Wainwright Hotel, who is now attending business college at Edmonton.

Mr. and Mrs. Cook Myers of Ponoka are visiting their son, Henry. Mr. Myers was one of Wainwright's pioneers and was here during the early ages of the town.

With the change of the moon came a change in the weather and now, after a spell of wet weather, extending over more than three weeks, the sun is again seen for the first time. If the crops have undergone such a remarkable growth during the past few weeks, they will surely progress even more so, with warm weather.

Visitors in town on July 1st, were stubborn—they did not wish to leave town entirely disappointed because of the postponement of the celebration. The day was nevertheless enjoyed. Bucking contests were a feature.

LIFE INSURANCE EXAMINATIONS

If you were ever examined for life insurance you noticed how carefully you were examined for symptoms of kidney disease. There are reasons.

If you have any symptoms of kidney disease, such as pain in the back, frequent, scanty, or urination, do not let it run into a chronic condition.

Nyal's Stone Root Compound is a corrective for all forms of kidney disease. We do not claim it will cure "Bright's Disease," but do claim that if taken in time it will check the conditions that might result in the dreaded "Bright's Disease." Fifty cent and dollar bottles. We are agents for Nyal's Family Remedies—nothing else quite so good.
